SAMPLE COLLECTION MANUAL

You need a clean 100 mL sample collection tube, a plastic bag and the order form

Fill the 100 mL collection tube with the sample

- ✓ use a clean spoon for taking the sample
- ✓ mix your sample well
- ✓ minimum volume is 100 mL
- ✓ close the cap tightly and leak-proof

Fill-in the order form

Pack carefully to avoid damage or contamination in transportation. Send the parcel to:

Celvia CC AS
Teaduspargi 13, 50411, Tartu, Estonia
